

How Does it Work?

➤ You'll meet with Mr Treasure Hunt who will give you a map along with a set of clues leading you to sites located within a defined neighborhood or museum. Mr Treasure Hunt will introduce the event, distribute the materials you will need, and away you go! Our array of neighborhood events includes:

- Use your knowledge and wits to solve these clues and navigate to various points of historic and artistic interest.
- Clues can be solved in any order, so ponder them, plot a strategy, and get ready to say "A HA!" more than a few times!
- Treasure Hunts and Scavenger Hunts are natural team-building events - so split up into teams of 4-6 people and compete for the title of Master Sleuths!
- Mr Treasure Hunt provides prizes to the winning team as well as guidance as to how the event works and will meet with the groups after the event as well.
- Our Urban Adventures can be customized for content or length of event. A typical event lasts between one and three hours.

"Are your glasses charged, gentlemen?" said the Judge, solemnly taking off his white hat. They were. "Well, then, here's to MIGGLES. GOD BLESS HER!" Perhaps He had. Who knows? And so ends the story of *Miggles*, by Bret Harte, a one-time writer for *The Californian* in San Francisco (and colleague of Mark Twain). You can find Miggles and more of Harte's characters by solving the puzzle below.
